

BOBRICK**Technical Data****BEHIND THE MIRROR (BTM)
PAPER TOWEL DISPENSER**

For The Openable Mirror Cabinet Only

B-308.91**MATERIALS:**

Cabinet and tray — 18-8, type-SS304, 20 gauge (1mm), full housing stainless steel with satin finish. Capacity: 400 C-fold or 600 multifold paper towels.

OPERATION:

The behind the mirror (BTM) paper towel dispenser is designed to accommodate both multifold and C-fold paper towels without the need for adjustments or adapters. To load the unit, open the cabinet door and refill the paper towels from the top.

INSTALLATION:

The mirror cabinet must be openable to facilitate installation of the dispenser. Provide an opening at the bottom of the cabinet for the paper towel tray, with a minimum width of 12" (310 mm) and a cabinet height of at least 19" (500 mm), along with a minimum 6" (152 mm) clearance below the unit for towel access. The minimum required cabinet depth is 4-1/2" (114 mm), plus additional internal clearance. Mount the unit inside the cabinet using the four (4) designated mounting holes (marked "S") and secure it to the cabinet back panel with the provided screws.

SPECIFICATION:

The behind the mirror paper towel dispenser shall feature a full metal housing constructed from robust, easy-to-clean Type 304 stainless steel. The unit shall dispense up to 400 C-fold or 600 multifold paper towels without the need for adjustments or adapters. For refilling, open the cabinet door and load the paper towels from the top.

The behind the mirror (BTM) Paper Towel Dispenser shall be Model B-308.91 of Bobrick Washroom Equipment India Private Limited, India.
